

| Criteria | strongly agree | agree | neutral | disagree | strongly disagree |
|---|-----------------------|--------------|----------------|-----------------|--------------------------|
| Both the document and talk had a proper balance of introductory and in-depth material. | | | | | |
| The level of the material presented in both the document and talk was appropriate for all faculty present. | | | | | |
| The candidate demonstrated mastery of the material presented, especially an understanding of the physics germane to the topic. | | | | | |
| The document and talk contained assessment, discussion, conclusions, and summaries that represent the candidates own interpretation of the subject. | | | | | |
